

## Hook and loop Velcro KKR

KKR-Fix on FHS-C

### PRODUCT INFORMATION

The KKR-Fix hook-and-loop tapes are used for the quick and easy fastening of our flexible holder systems, as well as for bundling and fixing of cable strands.

Applications range from their use in robotics throughout mechanical engineering and on to house installations.

The back side of the hook-and-loop tape has been specially coated. This ensures a tight and slip-resistant grip of the tape on almost

any surface. These special properties of the KKR-Fix makes it quite a gentle solution for low torque fastening of cables.

Advantages:

- tool-free installation
- secure grip without slipping
- no restriction of sensitive cables
- no risk of damage due to sharp edges

### SPECIFICATIONS

coated with anti-slip layer Polypropylene (PP)  
mod. polyamide PA 6

Type	Order No.	Colour	Length of Velcro tape mm	MOQ qty.
<b>FHS hook and loop (Velcro) tape</b>
