

Cable entry grommet, type KDT/xE

KDL/E cable entry system

PRODUCT INFORMATION

In conjunction with the KDL/E cable entry system, the KDT/xE cable entry grommet can be used to easily route pre-assembled cables e.g. in control cabinets. The grommet is 2-pce. and is positioned around the cable. The grommets are equipped with catch hooks that anchor themselves in the KDL/E

when positioning. Strain relief for type KDT/ZE is achieved using a simple cable tie. Type KDT/VE is a vario grommet without strain relief which covers a larger clamping range.

SPECIFICATIONS

- Thermoplastic rubber
- 40 – 80 °C
- HB
